This is the welcome page in which users will be able to either create an account or login to save their data.

Please enter a username and password that are longer than 2 characters!

Hi User,

Let's get gambling...!

Blackjack

Texas Hold'em

Roulette

This is the main casino page where the user can see their account balance and click to play poker, blackjack, or roulette. They can also see the instructions by clicking help or press log out.

Account Balance

$1000 (-80.0%)

Texas Hold'em!

CPU 4 - $1000

CPU 1 - $990

$0

$10

CPU 7 - $980

Buy In: $1000   Blinds 5/10

CPU 6 - $980

After the hand is complete, the winner receives their money (CPU 3 in this case) and the next hand will be dealt. The blinds change positions as well as the required action position.

User

Cards have been dealt, CPU 6's turn

Press the space bar to see your opponent's hands

Blackjack!

Finally, the last piece of the project will be to allow the user to play blackjack and roulette as well, on these two pages.

Roulette!
